A HUGE WELCOME TO EVERYONE JOINING US FOR THE 2024 SHOW!

Get ready to immerse yourself in a world of creativity; where kit meets education and inspiration on a grand scale.

We're really excited about what's in store this year. We've got 250+ brands on the show floor; which means a wealth of kit - with new products to try out from the likes of Canon, Nikon, Sony, FujiFilm, OM System, Sigma, Irix Lens, Godox and Vanguard. There will be show deals available around every corner, and our retailers especially, have a host of promotions on throughout the four days. And don't forget, it's not just cameras and tech - you'll also have a range of frames, albums and wall art, studio props, training and tours, outdoor clothing, printing services and business services at your fingertips. You're bound to find something you need...!

And that's just the start!

Visitors have the choice of 350+ free-to-attend sessions (halls 2 and 3) to learn from and be inspired by, led by headline speakers such as Chris Jackson, Joe Cornish, Elise Swopes, trashhand, Mattias Klum and Kelsey Heinrichs. Combining talks and live demos, everything is covered, from capturing beautiful portraits, to filming wildlife in remote locations, to creating edgy and engaging online content.

Our in-depth beginner masterclasses (Piazza Suites) will help anyone at the start of their creative journey (photography or video) to understand the basic concepts of capturing and editing shots; while our Turning Pro masterclass offers advice on ditching your career in favour of becoming a photographer. For professionals, the Pro Forum will focus on upping your business game and making sure you get the best outcome for your efforts. Specialist masterclasses with Kelly Brown, Forough Yavari and Julieanne Kost round up our extensive programme. To note, places for the masterclasses and the forum are limited - check availability at the Box Office.

If all of that wasn't enough, there's plenty more to enjoy.

Check out the Creator Playground for an imagination-fuelling experience, practise portraiture and action shots at the new shooting sets and wander the selection of image exhibitions presented by LCE Photographer of the Year, Travel Photographer of the Year, SheClicks, UKBFTOG, 'Felt Sense' and our very own student audience.

Discover, explore and have a fantastic time!

GALLERIES

BE INSPIRED BY THE WORK OF OTHERS...

LCE PHOTOGRAPHER OF THE YEAR 2024

LCE Photographer of the Year 2024 is a prestigious competition supported by major photography brands including Canon, Nikon and OM System. With 14 categories and an impressive £12,000 prize fund, it has attracted nearly 13,000 entries from the UK and beyond. We're delighted to display the final shortlisted entries in the welcome area at the show. The winning entries and 2024 overall winner will be announced live at the Photo Studio at 15:45 on Sunday, 17 March.

TRAVEL PHOTOGRAPHER OF THE YEAR

Travel Photographer of the Year (TPOTY) - is the leading global travel photography award for all amateur and professional photographers. Run by photographers, for photographers, wherever you live in the world and whatever your level, entries are welcomed with open arms. The winners form the TPOTY exhibition at the show.

EMERGING ARTIST AWARD

With a prize part sponsored by Canon, and CEWE the print partner, this is the show's own gallery dedicated to shining a light on the work of students - at whatever level of study. This year's competition is based on a 'Dusk 'til Dawn' theme; sunsets, twilight, urban, wildlife - the output is up to the imagination. The shortlist is on display close to the Food Village and the winner will be announced before the end of the show.

UNITY - A FELT SENSE EXHIBITION

Experience a new and exciting perspective to photography that challenges and redefines how we experience images. What makes Kat Mahale's exhibitions different is that images are selected based on the strength of their emotional responses. The next works in her ground-breaking series, **UNITY**, will be on display at the show (next to the Editing & Post-Production Suite) and Kat is offering free 30 min tour sessions for visitors who want to find out more about her work and approach.

SHECLICKS - MONTHLY CHALLENGE

The SheClicks gallery will showcase a collection of images from the SheClicks community's monthly challenge (supported by MPB), from August 2022 to January 2024. The final selection of images will be made by Scarlet Page, Nikon Ambassador, and printed by CEWE. The gallery forms part of #womenwhophoto, a campaign created by the show and SheClicks to put female photographers in the spotlight.

LIVING THE DREAM (UKBFTOG)

The UK Black female photographers Community are bringing their award-winning exhibition **LIVING THE DREAM** to the show. The exhibition was first seen at the FUJIFILM House of Photography, and showcases 51 black female photographers. The exhibition represents the reality of black female photographers, both in terms of living their dream and doing what they love; and living their ancestor's dreams - of taking up the well deserved space within the photography industry.

PROLIVES ALEXANDRA VINCE

The Naked Truth
INTERVIEW: TERRY MORE

Alexandra Vince describes herself as the Queen of Boudoir, and her sexy liberating portraits have been in huge demand for over twenty years. She's now sharing her valuable insider knowledge through her new self-published book.

PRICING IS ONE OF the hardest things for photographers to get their heads around. Not only can it feel like guessing numbers out of thin air, but a whole load of self-doubt can creep into the process. The end result is that, unfortunately, the figures you

sharing how they price up their products and make a tidy profit. They all used to say the same thing: whatever you think you can charge clients, you can probably charge more.
